Subject: Sherry-FYI- Follow-up from our call last Friday

Sherry:

Christine and I met with Carolyn today and I gave Carolyn a quick update on which regions think they are able to meet the May 31st contracts office deadline for task orders. Based on what you and I discussed last Friday, I mentioned to Carolyn that Region 5 is not likely to have action memos or FY17 funded tribal LUST site task orders ready by May 31 and that your immediate focus is on the Preston's and Tower Standard sites, which have FY16 funding.

As you know, since we do not yet have our final FY17 operating plan budget, Carolyn has only made preliminary and tentative funding decisions, informed by our tribal funding panel discussions last January, in order to have a plan in place to be able to move forward once we have a final budget.
